Re: Conflict Free Materials

March 14, 2012

Dear Customers,

The R. D. Mathis Company uses the highest quality materials to fabricate its products. Our raw materials are purchased from “well known” U.S. suppliers and are produced to our specifications using proven processes that provide consistent and reliable quality products that meet or exceed the highest level of quality available in the industry.

Our raw material suppliers are considered “responsible sources” have been independently audited and have been certified to use materials that are free of any raw materials that originated from Conflict areas including the Democratic Republic of the Congo. This includes our tungsten, molybdenum, tantalum, gold and other materials. Our materials are “Conflict Free” and in compliance with the Dodd-Frank Act of 2010.

Please feel free to contact us if you have any further questions regarding this matter.

Sincerely,

R. Lumley, R. D. Mathis Company
